PLANET POSITIVE PROMISE

This promise exists to represent our dedication to prioritise the future and health of our planet, and the people on it.

- Creating truly environmentally responsible merchandise
- Straight-talking service you can rely on
- Disrupting the space so you don't have to
- Staying ahead of the game to keep your products on trend
- Innovating and investing on every level, through people and technology
- Developing high quality products with pioneering manufacturing standards
- Only ever using recycled materials

Our aim is to ensure that the products we put out into the world are Planet Positive, this is why this new range is available in rHIPS.b.

rHIPS.b is made from 100% recycled polymers including all our manufacturing waste product with a biodegradable additive, that speeds up the natural biodegradable process of plastic. The material has been tested to ISO 15985 and ASTM B5511 certification.

Our ECO-TO-GO Range, is our new food and drinkware range.

100% UK made, designed & manufactured. Our award-winning environmentally friendly factory in Cornwall is home to the very best in design, manufacturing and print facilities.

The ECO-TO-GO range is designed for brands that want to be part of customer's every day life. We design with the Promotional Merchandise industry in mind, so all these items have a large branding area and are made to be a useful item with longevity.

COLLECTOR

COOL WAVE CAN STASHER

Free up fridge space and stash cans or bottles on top of each other - very cool!

The Cool Wave makes an ideal promotional product for Eco conscience companies that want to have lasting impact in the refrigeration area of the home. The Cool Wave can stack up to 6 cans or bottles vertically in the fridge, keeping the beverages nicely chilled while saving valuable shelf space.

Ideal for drinks companies, universities, leisure industries and more.

PRODUCT CODE: **CW23**

ECOSTIR

High brand area drink stirrers made from plastic waste.

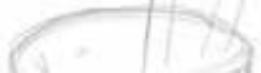

Give your drink the recognition it deserves and promote your message guilt free, using an EcoStir drinks stirrer. These drink stirrers can be decorated in full colour to both sides for maximum impact.

COLLECTION

DRINKSAFE - CAN OR GLASS

Keep unwanted bugs and other things from getting in your drinkware this summer.

This simple but effective promotional product fits most glasses or cans and just rests on the glass to keep out any bugs, wasps, flies etc. but does have a hole for a straw. Massive print area is allowed and a very cost effective and novel promo product.
