

ECOoffice *Webcam Cover*

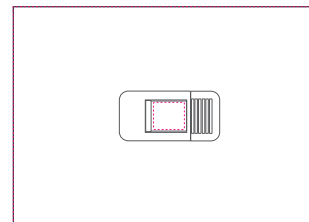

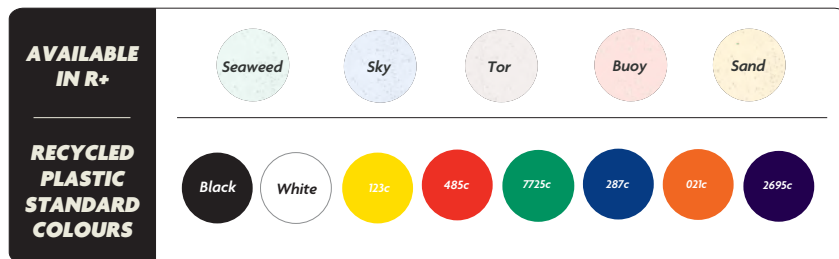

Webcam Cover

This webcam cover slides open when you want to use your camera and slides closed for added security and peace of mind. Remove the adhesive backing strips for easy application to your laptop, tablet or computer – the strong adhesive ensures the cover stays firmly in place. Your brand reaches people directly during their online activities, whether they're working from home, in video meetings, or browsing online, keeping your message visible throughout their digital day.

Key Features

- ▶ Protect privacy with this handy webcam cover
- ▶ Visible branding area on the sliding cover and backing card
